Unmistakably Your Own

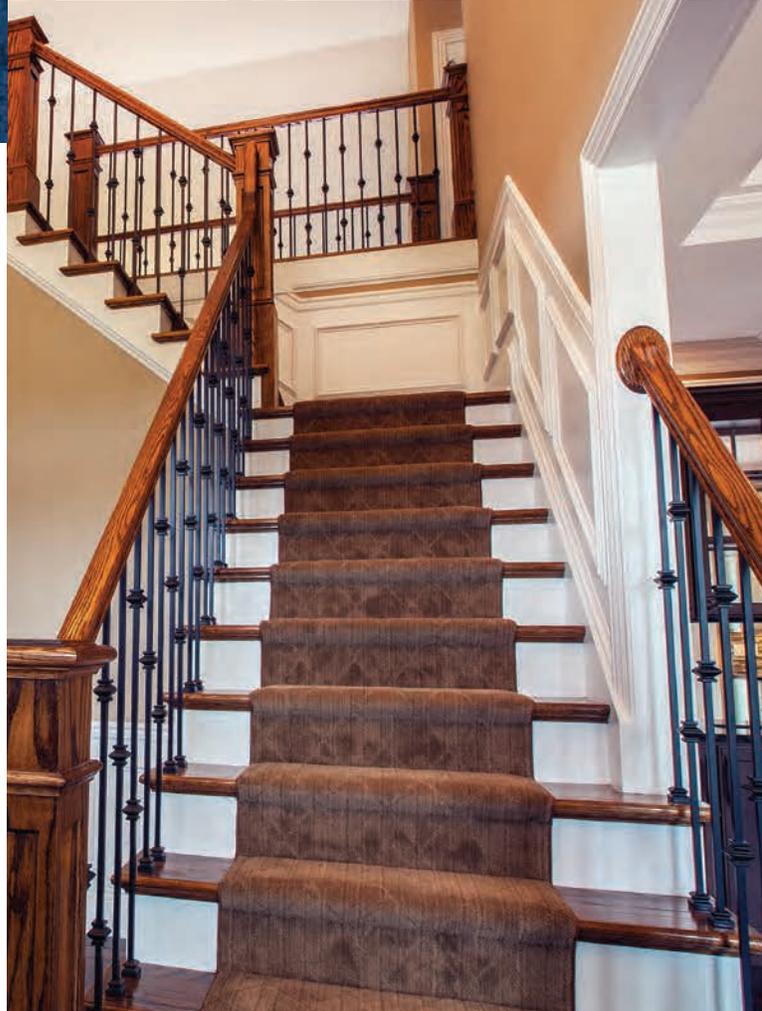

At Paragon Homes, we have designed a customer-centric building process so that every client can have a great experience building a home tailored around them at a price they can afford.

Paragon homes are uniquely designed with the needs of each and every family in mind. You can use a floorplan suggested by our team, bring in your own plans or ideas to use as a starting point, or start fresh with our architects to design a home from the ground up to meet your unique needs.

“We are exceptionally pleased with the quality of our new home and have received numerous compliments... Both Paul and I would strongly recommend Paragon Homes.”

Michelle and Paul – Weirton WV

Delivering Beyond Your Expectations Since 1987

Customer support is paramount for us. In fact, It’s why we were founded. We are committed to staying with each client long after construction to ensure satisfaction and long term investment value.

With Paragon, you can build a home before you sell yours. Our clients have the option of financing with a regular mortgage (no construction loan), with a swing loan or with the standard construction loan. Each has advantages, and which is best for you depends on your needs.

Plus, you’re free to select the best financing from many area lenders.

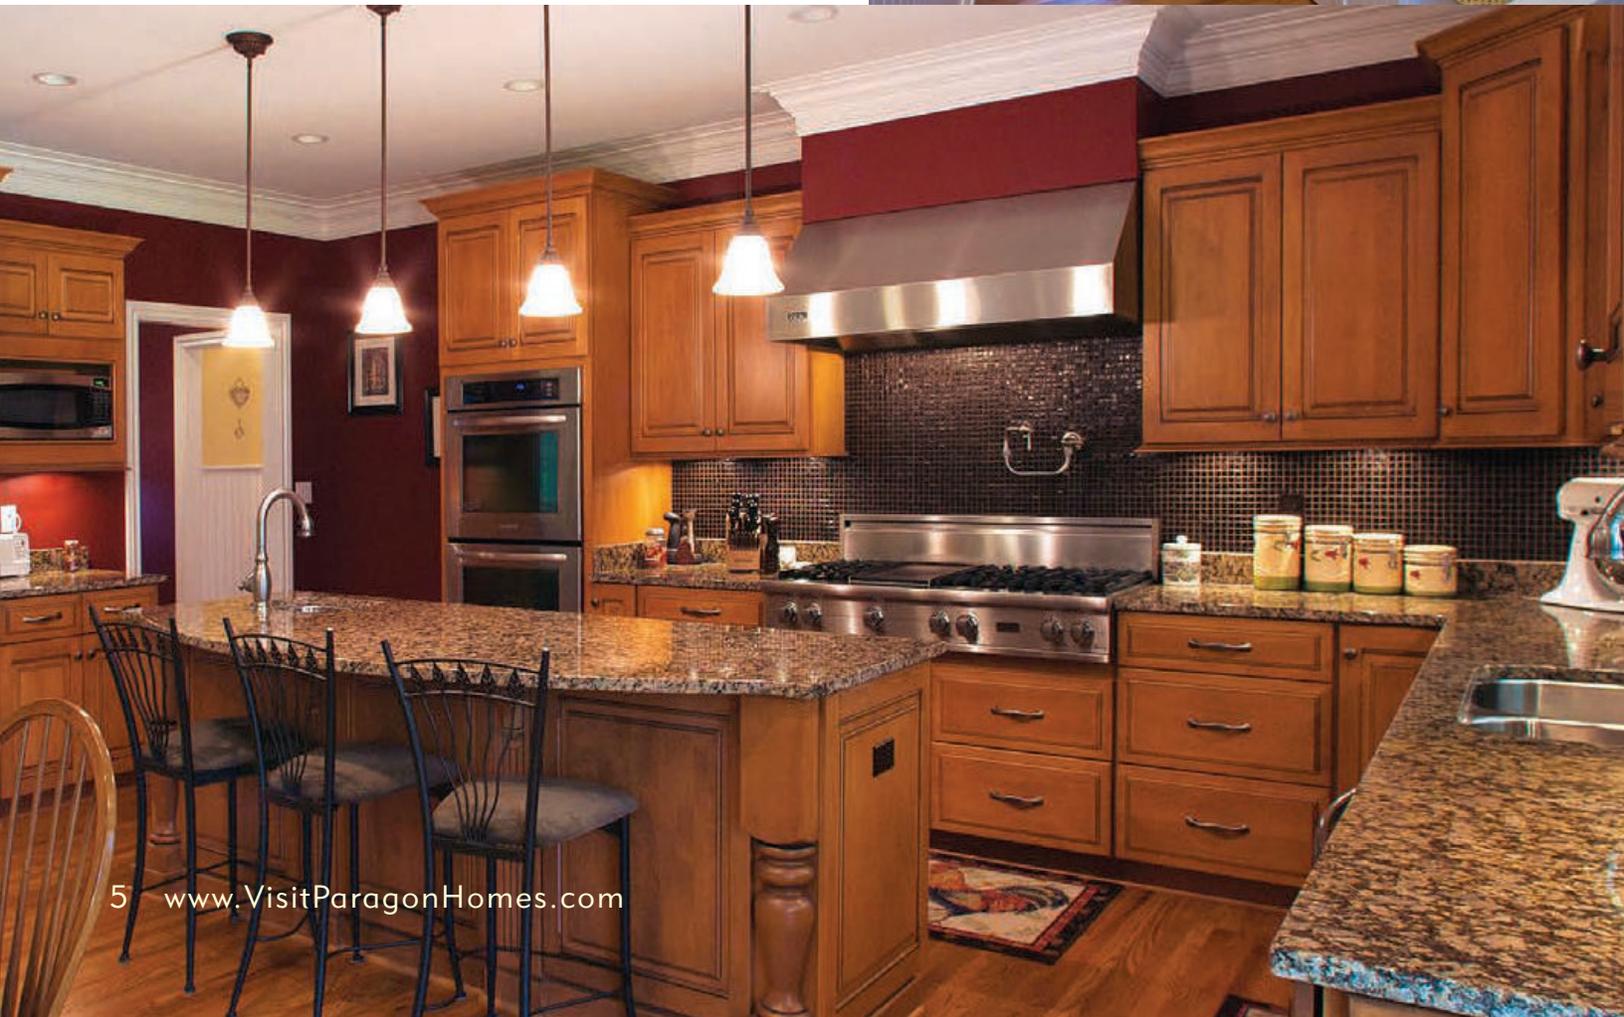

Our Homes Live Up To Our Name

Over the last 30 years, we have been proud to handcraft over 250 homes, just a few at a time and each one according to our founding principles:

Integrity: Simply put Paragon Homes is a custom homebuilder that is big enough to do the job and small enough to care. We only work for a few clients at a time and the result is a higher level of custom service and a better-built home.

Customer Service: Offering the best customer service was a key part of our founding and it's paramount to our company today. Not only do we work closely with each client before and during the building process we offer the best warranty in the business with a how can we help mentality, not a mentality of that's not covered.

Custom Home Quality: Paragon homeowner's receive a home of the highest quality designed and built just for them. Each home is planned out according to how the family will use each room and Paragon clients can make selections of their fittings and fixtures from any brand, not just the brand the builder chooses.

“If we had it to do again, we would not hesitate to select Paragon... We could not be happier.”

Sam and Linda – Robinson Township
